

Ain't It The Truth?

Most of us smoke and

Most of us smoke cigarettes.

Most of us smoke MECCA cigarettes, on account of their quality.

We like to stick with the crowd because the crowd generally is right.

Besides, if we skate off by ourselves we may fall into a hole.

Ain't It The Truth?

The tobaccos for MECCA are pressed into solid cakes and shredded in ponderous machines, each cutting 400 lbs. an hour. This insures even smoking quality in MECCA Cigarettes.

Baseball Manager Know.

The former big league baseball manager, who had been named because the team finished last as usual, was taking a civil service examination in order to secure a political job. He was amazed at the list of fool questions on the examination paper. He didn't know the distance from the earth to the moon, so he passed that one up. And he could not describe a syzygy, so he called that test a loser. But the third question interested him. It said:

"Name the largest bone in the human frame."

And with a grin of confidence the former manager wrote this answer:

"The head."—Cincinnati Enquirer.

Sporting Notes.

Harvard made it two straight from Yale and ended the series without the necessity of a third contest.

George "Goose Egg" Foster, hero of the last world's series, turned in a no-hit, no-run game yesterday with the hard hitting Yankees as his opponents.

Jacob Estey, newly elected assistant manager of the Amherst college baseball team, was in charge of the Amherst team arrangements at Haverford Tuesday and yesterday was in Amherst managing affairs at the Amherst-Agale game.

The Detroit-Cleveland series is a crucial one, Detroit, by defeating the Cleveland team again yesterday, went into a tie for first place. Many believe that the Detroit hitting strength is just beginning to show and that the Cleveland strength has been displayed beyond its normal.

Alfred Greenwood, now of Springfield (Vt.), but last year a pupil of the ninth grade of the Brattleboro schools, won gold, silver and bronze medals in three athletic events at a track meet in Woodstock last week. He won several points when in the grades in the Brattleboro schools.

The death rate for typhoid survivors for the three years following the attack was twice the expected mortality for an equal number of individuals of the same age, sex and color.

TOWNSHEND.

Local Boys Enlist.

The realities of the threatened war with Mexico are brought closely home by the knowledge that three popular and well respected young men from this village have enlisted and are ready to go south when the call comes.

They are Hayden Marsh, who has joined Company I of Brattleboro; Herbert Harding, who will go with Company K of Springfield, Vt., of which he has been a member for some time, and Raymond Watson, a freshman in Vermont University, who has joined Company C, composed of members of the university.

Leon Stevens, a former resident of this place and a student at Leland Gray seminary, has been for some time with the regulars near the Mexican border, and Waldron Russell of East Dover and Perley Jones of West Townshend, both former Leland and Gray students, belong to companies in Bellows Falls and Springfield, Vt., respectively.

Making Many Changes.

Three plumbers from Brattleboro are boarding at Arya Benson's and working at the Ross house recently purchased by Dr. Hair of Connecticut. A new bathroom with modern plumbing is being installed, fire places opened, doors and partitions changed and the rooms painted and papered.

A cement railway has been made in front of the barn to allow its use as a garage and the fence set several feet south to widen the lawn which later will be graded and newly seeded. Haynes Saunders, E. B. Cudworth, W. E. Blood, J. Jenkins and others are working on the place, which, when in thorough repair, will be used as a summer home by Dr. Hair and family.

Mrs. Lois Rumlill is visiting relatives in Brattleboro.

Harold Haskell began work this week at the Townshend Inn.

Miss Cora Mason has returned home after a week's stay in Newfae.

Mr. and Mrs. H. H. Franklin spent the week-end with relatives in Brattleboro and enjoyed a long automobile trip through southern New Hampshire Sunday.

Harold Franklin is working at C. H. Willard's mill and boarding at Almon Marsh's.

F. A. Blood is doing plumbing work at the Richardson home in Williamsville this week.

Miss Mildred Hulott went Wednesday to Brattleboro where she will work during the summer.

O. A. Davis is taking a week's vacation trip and visiting in Brattleboro, Orange, Mass., and other towns.

George Gale has finished work at Chester and is working as a plumber in Brattleboro, having learned the business in a correspondence school.

Mrs. Mary Brigham and daughter, Miss Blanche Brigham, started Friday for Duluth, Minn., where they will again spend the summer with her son, John Brigham.

Mrs. Alice Bardwell and two children, Roger and Raymond, will move this week to Springfield (Vt.) to join her husband, Guy Bardwell, who has work in the machine shop there.

The lawn party given by the Dorcas guild on Tuesday evening proved a pleasant occasion though the cold winds and damp verdure prevented its being held on the village park as planned. Instead the Congregational vestry was lighted with Chinese lanterns and the company gathered inside. Games were played throughout the evening and music, which was enjoyed by all, furnished by the Teachers' orchestra. Ice cream and cake was on sale. The committee in charge of the affair consisted of Mrs. R. L. Fitch, Mrs. G. B. Whitney and Mrs. C. C. Robinson.

Make This Task Easy, Free From Unpleasantness

You can if you use *Sani-Flush* to clean the bowl. Sprinkle a little into it every few days. *Sani-Flush* will make and keep it clean and free from odors—even down to the hidden trap that nothing else can reach. No scrubbing necessary—no dipping of water.

Sani-Flush

is patented, nothing like it. Use it for this purpose only. It is not for general cleansing purposes.
